## ALL PURPOSE / CONFINED SPACE AND RESCUE HARNESS

### HAS0179

The AllTrade Rescue Harness is versatile and functional for a range of work both at height and in confined spaces.

Rescue loops on the shoulders make the ability to rescue simple while the padded moisture wicking leg padding provides comfort while working and during emergency retrieval. The durable non-slip polyester webbing construction provides a secure fit.

The front and rear fall arrest attachment points and front quick-connect buckles on the legs and chest make it ideal for confined space work, construction, roofing and vertical ladder climbing.
